Quadro Consulting is a growing company based in Bonn, Germany specialized in diverse information and communication technology services. Our expertise includes: diverse software development, data analysis, quality assurance, digital marketing, social media consulting, web design and fulfillment, document management, visual design, hardware development, and much more.

We are looking for an experienced IT professional for our Belgrade office to fulfill the position of:

Senior SQL developer

With the expansion of the development teams in Belgrade for our major US-based client, we are opening a position that would work closely with the Project Managers, Developers and QA agents to help ensure the finest quality of service is being provided.

What we are offering:

- Working in a friendly environment of young people
- Flexible working hours and occasional remote work
- Opportunity to prove yourself, apply your skills, and learn
- Competitive salary

Requirements:

- Minimum 3 years of professional experience as a MS SQL / My SQL developer
- Excellent knowledge of creating and optimizing complex SQL queries
- Experience with stored procedures, functions, triggers, Indexing
- Experience with performance monitoring and analysis
- Experience with teamwork and collaboration
- English language full proficiency is a must

Bonus skills:

- Experience with BI and ETL tools would be an advantage
- Experience with Data Security and Compliance
