

Quadro Consulting is a growing company founded and based in Bonn, Germany. We specialize in Information Technology and various design services. We design and build complex custom solutions for various industries, from telecommunications, banking, retail, e-commerce, business intelligence, to hospitality, point of sales, manufacturing, document management, production processes, and many more.

We are looking for an experienced IT professional for the role of:

Intermediate or Senior .NET developer

We are expanding the current Belgrade-based teams working on multiple projects for a US-based client. The technology is diverse, mainly .NET / SQL / Angular, but also involving Node.js, Java and diverse JS frameworks.

What we are offering:

- Working in a friendly environment of young people
- Opportunity to prove yourself, apply your skills, and learn
- Competitive salary

Requirements:

- Minimum 2 years of professional experience as a .NET developer
- Experience with MySQL or other relational databases
- Experience with using version control tools like Git
- Experience with teamwork and collaboration
- English language full proficiency is a must
- Experience with JS/JQ

Bonus skills:

- Experience with container-based architectures like Docker
- Experience with Angular and/or other JS frameworks

- Experience with JIRA/Bitbucket
- Experience in Agile-managed development projects
- Experience with MongoDB or other document-oriented databases
- Experience with US clients or customers
- Knowledge of IT companies' Compliance and Security requirements

If you find yourself suitable for this position, please send us your CV to office@quadro-consulting.com
